

FCC, To quote an oft used saying, "XM Satellite is the best thing since sliced bread". Since I got XM, which was over 2 years ago, I have not listened to FM or AM for 5 minutes.

We do PAY for XM!

I like it mostly for the music, BECAUSE THERE ARE NO COMMERCIALS!

The traffic, weather, etc., are very usefull.

We do pay for XM!

It, of course, can be listened to no matter where you are in the country.

It does not take a brain surgeon to figure out why you are doing this.

COMPETITION!

Deal with it!

We do pay for XM!

Take a hike!
